

Season of Creation 2026

@ St. Kevin's Church, Kilnamanagh, Tallaght

Sophie Manaeva is a researcher at the *Jesuit Centre for Faith and Justice*, focusing on environmental issues, economic justice and migration. She is a co-organiser of the **Economy of Francesco** [Ireland Hub].

What is the Economy of Francesco?

It is a global community of young **economists** and **changemakers** from more than 100 countries, who are seeking new ways to respond to the challenges of our time – as **Saint Francis of Assisi** did 800 years ago when he heard the call: *"Go and repair my house, which is falling into ruin."*

Pope Francis relaunched that same call, inviting young people worldwide to "give a new soul to the economy".

What began as an invitation has become a global community working together to **transform today's economy and give a soul to the economy of tomorrow.**

**Sophie will speak in St. Kevin's
on Thursday 1st October
